## Supplies for September 2019

As this year comes to an end we are planning ahead for next year. Students often like to go “back to school” shopping to prepare for their September return. At the request of parents, we have compiled a list of items that students will be using in their classroom when shopping for back to school supplies. Many of the items listed can be purchased at the dollar store.

In order to be prepared for class work students are asked to purchase the following items and have them available for the first day of school:

### For Our Students in Grades 1—3
